The diagram illustrates a value chain for a General Practitioner (GT) in a health insurance system. At the center is a blue circle labeled 'GT'. Two white circles are connected to the central 'GT' circle by solid lines: 'Gesundheitsleistungen' (Health services) at the top and 'Zahnleistungen' (Dental services) at the bottom. These two white circles are also connected to each other by a dashed line. A pink box labeled '2 Firmen' (2 companies) is positioned between the two white circles, indicating that the services are provided by two separate companies.
