The diagram illustrates a network structure. At the center is a large blue circle labeled "NH". Two smaller, light gray circles are positioned vertically above and below the central circle. The top circle contains the text "nuances, ..." and the bottom circle contains "nuances ...". Each of these peripheral circles has a small blue dot at its top center. A dashed gray line forms a circle around the central "NH" node, passing through the centers of the two peripheral nodes. A solid gray line connects the central "NH" node to the top peripheral node. A pink rectangular box with the text "2 Firmen" is located to the right of the central "NH" node.
